

## “Give 7”!

A five-finger, two-eyed handshake;  
“Give 7” to at least two peers weekly!

The “Give 7” Enrichment approach to learning develops the skills, habits and attitudes your child needs to build self-esteem; the children learn to socialize with their peers and grow at their own pace, emotionally, physically and academically.

These classes provide a fun, nurturing environment for children to learn, play and create. The daily schedule incorporates both structured and unstructured activities providing time for hands-on learning, play and social growth.

**Our curriculum is designed by certified teachers.** Each class has a qualified Senior Staff teacher and an Aid, 7:1 class ratio. Parents are welcomed to join us at anytime for observation.

*(Full Background Check & References Available)*

**Only 14 Spots Per Class Session!**

The aim of the “Give 7” Enrichment program is to develop healthy, joyful, respectful children...  
**One PLAY at a time.**

Healthy  
Habits, Nutrition & Activity

Joyful  
Confidence, Appreciation  
& Exploration

Respectful  
Cooperation, “Mind Your Manners”
